### Note from Author: The Problem and God

It has become very apparent to me looking over the history of AA that God definitely was and still is involved into this organization. It is a miracle that AA was formed by the chance by two drunks meeting. AA somehow survived the Great Depression and AA somehow survived WWII. In conclusion AA will somehow survive the lack of commitment of service work we have on our hands. Well fellow drunkards, I believe that “somehow” is “God” as we understand Him and luckily it is the 5<sup>th</sup> month reminding us that we need to share with someone else where we have been lacking, possibly service work? I have faith in God who alone can keep AA going. More importantly miracles like AA surviving shows me that God most certainly is invested into this program!
